How a charity can join CCFD

CCFD is part of the State and University Employees Combined Appeal (SECA). Under the Illinois Voluntary Deductions Act, the Illinois Comptroller is vested with the duty to qualify petitioning organizations under SECA. A petitioning charity can become qualified under SECA in one of two ways:

#1 As a stand-alone agency: In this scenario, the charity will go through the SECA qualification process pursuant to 5 ILCS 340 et al. This process entails obtaining 500 designations from state employees or annuitants within one year. To begin, review the Voluntary Payroll Deductions Act then contact Robert Osgood (217-558-5159), Sara Wooley (217-558-3721), or write to: State of Illinois Comptroller Judy Baar Topinka, Attn: Legal Dept., 325 West Adams Street, Springfield, IL 62704.

#2 As a qualified charity under an agency: A charity may contact any CCFD agency and request an application to be accepted within that agency. Each agency has its own criteria, rules, regulations, and fees. Agency contact information is listed in the CCFD Agency Brochure and at www.ccfd.illinois.edu.

2015 CCFD
The Campus Charitable Fund Drive
SEPTEMBER 21 - NOVEMBER 13

Goal $1.3 million & 25% employee participation
Dear Colleagues,

The 2015 Campus Charitable Fund Drive (CCFD) will begin September 21 and run eight weeks until November 13. This campaign benefits the surrounding community in which we live and work in immeasurable ways. I encourage all of you to participate this year to reach our goal of $1.3 million and 25% employee participation.

The nonprofit leaders participating in the campaign are ambassadors for Charitable support. From Special Olympics to American Heart Association to the Black United Fund of Illinois, the amazing people that compose these organizations make sure that your money helps those who need it the most.

I want to thank you for your dedication and support as we kickoff the 2015 CCFD campaign. I am urging all of you to make a difference and give generously. Together we can improve the quality of life for our neighbors.

With the help of University of Illinois employees and retirees, I am confident we will meet and exceed this year’s goals.

Your giving helps build a stronger community.

We've contributed to a 20% decline in cancer death rates since the early 1990s. That means we've helped save 1.2 million lives during that time.

- We've played a role in nearly every cancer research breakthrough in recent history.

We help cancer patients everywhere get help when they need it—day or night. Last year alone, we assisted more than a million people who called us for help, providing free services such as a place to stay while traveling for treatment, rides to treatment, and emotional support. This unique program helps fill the pipeline of cancer researchers by matching science-minded high school students with mentors who are successful, leading investigators.

Agency: UNCF—The United Negro College Fund

America needs more college graduates. President Barack Obama has committed the country to regaining world leadership in the percentage of people with a college education. Because America needs the teachers, scientists, public servants and citizens they will become, we need to make sure that African Americans and other minorities who will be a majority of the population by 2050 get the help they need to attend college and graduate. Furthermore, we need to ensure that our students get the education they need before college to prepare them for success in college.

That means America needs UNCF.

UNCF knows how to get students into college, succeed there, and move on to careers of success and service. We have been doing it for 71 years. We give college scholarships to almost 9,000 students at more than 900 colleges each year. We provide financial and capacity-building support to the 37 historically black colleges and universities that are members of UNCF and their 55,000 students.

That record is why more than 170,000 individuals, corporations and foundations invest in UNCF each year. Because America needs college graduates. Because it’s the right thing to do. And because, “A mind is a terrible thing to waste.”

Agency: Special Olympics Illinois

Part of an international program, Special Olympics Illinois provides year-round sports training, competition and a variety of skill-building opportunities for children and adults with intellectual disabilities. Athletes from every part of the state train for 8 weeks or more in 19 Olympic-type sports: alpine skiing, aquatics, athletics (track & field), basketball, bocce, bowling, cross-country skiing, equestrian, figure skating, floor hockey, golf, gymnastics, powerlifting, snowshoeing, soccer, softball, speed skating, tennis and volleyball. They are then eligible to participate at one or more of the 175 separate competitions held each year at the area local, district, regional and state levels, with athletes competing in divisions based on age, gender and ability level.

The benefits of Special Olympics Illinois extend beyond the field of competition. Through Special Olympics, athletes develop a sense of pride and hope. They enjoy greater confidence and self-esteem. And their participation increases society’s overall awareness of what these courageous athletes can achieve when given the opportunity.

Special Olympics Illinois relies solely on the contributions of corporations, individuals and civic organizations to make all of this possible. The organization is not funded by the Kennedy Foundation and is not a United Way agency. Nor does Special Olympics Illinois charge athletes or families to participate in the program.

Your contributions support the nearly 22,000 Special Olympics athletes and additional 13,000+ Young Athletes (between 2 and 7), who benefit from this truly unique programming. (309) 888-2551 www.soill.org (20.4%)
